Special Visiting Fellowship On-Board an AMT Cruise

2019

A unique opportunity to participate in a major multidisciplinary cruise programme with one-on-one guidance for a research project, hands-on ship-board training and collaboration with internationally renowned scientists.

What does the fellowship consist of?

- 1 month cruise preparation at Plymouth Marine Laboratory
- 5-week cruise participation (6th October – 17th November 2019)
- 1 month at PML following cruise for data analysis and interpretation

What is covered?

- Travel from home country to PML and from PML to join and return from the ship
- Monthly stipend for the time spent at PML
- Accommodation for joining and leaving ship
- Seafaring medical and sea survival course

What is NOT covered?

- Domestic travel in home country
- Visa costs and insurance
- Salary

Who can apply?

Scientists, technicians, postgraduate students (PhD/MSc), post-doctoral fellows (with priority to early-career scientists) from developing countries and countries with economies in transition.

What is needed to apply?

- Letter of acceptance from prospective supervisor (contact by 29 Apr)
- Letter of recommendation
- Application form

Apply By:
6 May 2019
